

ESTAMA

Where **trust** matters.

ESG Policy

We Are Estama

Estama recognise that in our role as Asset and Property Managers we hold responsibility to the communities around our managed assets and the wider environment.

At Estama ESG matters

We believe that the assets under our management should operate in an environmentally and socially responsible way at the heart of their local communities.

We aim to create locations which occupiers and the public want to visit and feel have a positive influence on their local communities and the environment.
